October 1986

The September 1986 meeting of the HRSMS was held at the home of Jim Davis on the 5th and was attended by 11 members and by guest Tom O'Connor. The meeting was called to order at 2014 by Skipper Bill Clarke. Under old business, more designs for new stationery were shown and discussed but no agreement was made and the matter was tabled until the October meeting. It was announced that the list of past skippers is now complete and will be added to the Skippers' Bell at an early date. Under new business it was announced that Robert Broadwater of the Yorktown ships project will speak at our December meeting. The meeting adjourned at 2041, then Tom Abbott showed his surfboat and carriage model which is destined for display at the Virginia Beach Maritime Museum. Refreshments from the Davis galley followed; Jim has been transferred to Florida and will be missed by the club.

Several members of the HRSMS attended the recent NRG conference in Boston and report that it was well worth the trip. Jack Bobbitt and Jim Howlett were lucky enough to bring door prizes home from the conference.

The next meeting of the HRSMS will be held at the home of First Mate John Cheevers, 169 Mark Twain Dr., Newport News (875-0732) on Friday, October 3. Members are requested to bring final suggestions for stationery as well as models and nautical gear to share.
